What You Need to Know About New York's 2020 Fertility Insurance Coverage Mandate

What is This “Fertility Mandate” All About?

The State of New York recently updated their existing insurance laws, which went into effect January 1st, 2020.

The updates impact individuals with medical conditions that want to protect their fertility and those with diagnosed infertility employed by companies with fully funded insurance coverage above 100 employees.

Did You Know?

This new law will help approximately 2.5 million New Yorkers!

2.5
MILLION

How Do I Benefit?

FULLY FUNDED LARGE GROUP INSURANCE PLANS

These insurance companies may provide coverage for up to three IVF cycles to individuals with proven infertility. This includes egg retrievals and transfers.

IATROGENIC INFERTILITY.

Fertility preservation is covered for individuals with medical conditions and treatments that lead to infertility. This may include interventions such as medication, radiation, and/or surgery.

MORE COVERAGE AVAILABLE

If you are covered under Medicaid derived insurances, there may be medication coverage that could save you thousands!

Fertility Treatments that May be Covered by the Mandate

- ✦ Egg Freezing
- ✦ In-Vitro Fertilization
- ✦ Hysteroscopy
- ✦ Laparoscopy, and
- ✦ Microsurgery Options for conditions that your specialist discovers that can lead to infertility.
